# ELIGIBILITY

An applicant must satisfy the following conditions:

- subject of the research proposal is related to child & youth research,
- work in an EU or associated country,
- have a contract/affiliation with academic/public institution, not-for profit organisation, or registered company In EU member state or associated country,
- applicants not working in an EU or associated country are permitted to apply but are limited to 20% of the total amount of TAVs across all host institutions,
- researchers from COORDINATE partner institutions who are not involved in the COORDINATE project are eligible to apply for transnational access visits. However, as the objective of the project is to widen the network of researchers using child well-being data, a limited number of grants will be awarded to applicants from COORDINATE partner institutions,
- PhD students are eligible to apply, however, masters or bachelors students are not eligible.

A list of eligible countries is provided in Appendix A of the [Policy Document](#).

The total number of visit days awarded is a minimum of 5 working days to a maximum of 15 working days. Applicants may split the visit across different weeks where appropriate (and where this does not exceed the budget), but a visit should be for a total duration of a minimum of 5 working days to the maximum of 15 working days.
